June Report of the Month: Improvement Activity Report - Individual

Learn how a PRIME Registry member and family physician can use the Improvement Activity Report to quickly and easily gather improvement activity information from their PRIME Registry participation.

PRIME Registry member and family physician, Dr. Ray Wright, values ingenuity and in all aspects of his career in medicine. After completing an improvement activity using his PRIME Registry participation, he is looking for a quick and easy way to gather his improvement activity information. PRIME Registry's **Improvement Activity Report - Individual** was designed to meet his needs.

Here's how it works:

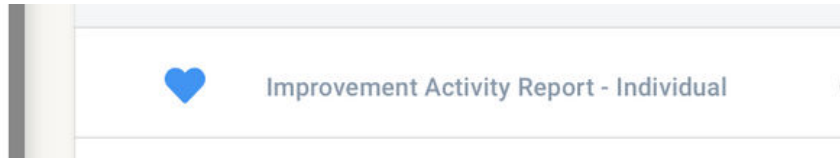

From the main Quality Dashboard page, navigate to the **report module** by selecting the **Report icon** on the left hand navigation pane.

The screenshot displays the PRIME Registry Quality Performance Dashboard. The left-hand navigation pane has the 'Report' icon highlighted. The main content area shows a table of measures with the following data:

ID	MEASURE
PRIME 12	Pregnant women that had HBsAg testing Measure Operational
PRIME 35	Appropriate Testing for Pharyngitis Measure Operational
PRIME 36	Controlling High Blood Pressure Measure Operational
PRIME 36 -	Controlling High Blood Pressure

Then select the **Improvement Activity Report-Individual**

Next, select the **filter icon**, in the bar to the right of the report title.

A window will pop up, where it's easy to customize the report to your unique specifications:

For this report, provide the name, desired output format, clinician, year, delivery date, and report purpose. Select “Apply Filter” to create the report, which can be exported in the designated format, xls, csv, or PDF.

The export will include the relevant TIN, activity description, score weightage, and points assigned, which can be shared as needed for certification credit or other quality improvement activities records.
