March Report of the Month: Measure Performance - Practice Level

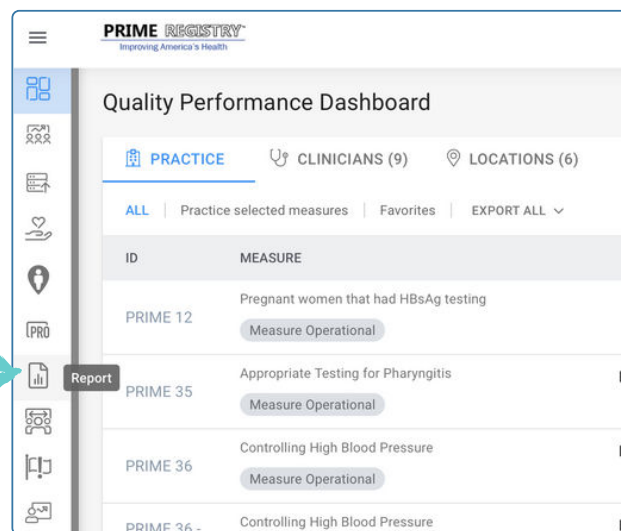

Learn how Phillip, a primary care practice manager, leveraged the PRIME Reports tool to dramatically simplify his practice's ACO quality reporting.

Quarterly quality improvement meetings are both a requirement and a benefit of joining Healthy Choice ACO. Since Practice Manager Phillip's Primary Care clinic joined Health Choice ACO six months ago, Phillip has spent countless hours preparing reports for the upcoming quality improvement meetings. **That is until Phillip discovered a way to generate a report that showcases measure performance on the practice level using just a few clicks!**

The Measure Performance - Practice Level report provides performance details for quality measures selected by Phillip at the practice level for any selected period. This report is easily accessible when Phillip logs into his PRIME Registry account.

Here's how you can access the report, just like Phillip.

From the main Quality Dashboard page, navigate to the **report module** by selecting the Report icon on the left hand navigation pane.

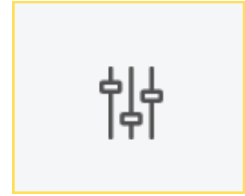

Then select the **Measure Performance - Practice Level** report.

Need quality reports for your ACO? We've got you covered!

Next, select the **filter icon**, in the bar to the right of the report title.

Filter Icon

A window will pop up, where it's easy to customize the report to your unique specifications:

Measure Performance - Practice Level

Submission Date 03/27/24

Organization Name 474131 - Demo Practice 1436

Requester Name*

Report Output format* CSV

Select Measure Set* 2023 PRIME Measure Set

Select Measures* Select Measures

Reporting Period Start Date 01/01/23 Reporting Period End Date 12/31/23

Requested Delivery Date* 03/27/24

Purpose of Report*

CLOSE APPLY FILTER

Type in 'requester name', and select the report output format (csv, xls, or pdf).

Select the measure set or individual measures you want in the report.

Choose the reporting time period--
Phillip chooses the third quarter, as that will be the focus of his upcoming meeting.

Set the requested delivery date. This date can be set in the future! This feature allows Phillip to create quarterly reports that will *generate automatically* on the date he needs them, saving him time and effort on a quarterly basis.

Phillip chose a pdf format for his report. He's now ready for his quarterly meeting in just a few clicks!

Now you can get the reports you need in just a few clicks, just like Phillip.
